Why is your face red? What did you just drink?

· Tap to continue ·

It was something I got from the camel caravan traders. They say it's infused with a mysterious love spice.

· Tap to continue ·

I bought a small bottle for you. Here.

・Tap to continue・

Love spice... What is its purpose?
• Tap to continue •

They say it makes you radiant. Also, the person you like shall love you more.

· Tap to continue ·

The spice is effective for that first part.

・Tap to continue・

Judging by its scent, it's simply a pungent spice that promotes blood circulation.

· Tap to continue ·

As for making the person you like love you more...

・Tap to continue・

I don't think you need any help with that.

・Tap to continue・

When I walked through here a long time ago, the salt marsh had yet to form.

· Tap to continue ·

The water here is crystal clear now.
It's like a mirror.

・Tap to continue・

Mirror, O Mirror, who's the most powerful deity in Niava?

· Tap to continue ·

You.
• Tap to continue •

What an honest, clever mirror. Who's the most passionate deity in Niava?
· Tap to continue ·

You.

・Tap to continue・

Who loves this deity the most?

· Tap to continue ·

...
· Tap to continue ·

Lying is forbidden.

· Tap to continue ·

Come here. Stand next to me.
· Tap to continue ·

Can you see who loves you the most in the "mirror"?

・Tap to continue・

A certain person seemingly can't walk past some ripe dates.

· Tap to continue ·

What do you mean by "can't walk?"

· Tap to continue ·

Are you referring to me or the person on my back?

· Tap to continue ·

Yes, I'm the one who wants the dates.
Are you satisfied now?

・Tap to continue・

Yes, I'm the one who wants the dates.

I will as well.

We would've been buried by that sandstorm if it weren't for these ancient walls.

· Tap to continue ·

Perhaps we would've been discovered many years from now. Just like these ruins.

・Tap to continue・

I hope we won't be crumbling apart by the time that happens.

・Tap to continue・

Come closer, then.

· Tap to continue ·

At least the future generations will be able to tell that we were together.

・Tap to continue・

Zayne, have you ever thought about what the world would be like without gods?

· Tap to continue ·

There would be no deities who can create. Only the world that was created will remain.

・Tap to continue・

Creation may no longer be a privilege of the gods.

・Tap to continue・

Giving this power to humans might not be a bad choice.

· Tap to continue ·

This broken clay tablet looks similar to the portrait I drew of you.
· Tap to continue ·

That's because it is... I liked it so much that I brought it with me.

·Tap to continue·

If I knew this would happen, I would've left it in the Divine Tower's treasury.

・Tap to continue・

Let's try to piece it back together. I'll help you.

・Tap to continue・

Game Ended

It's no use. It's too damaged.

·Tap to continue·

Game Ended

Don't be discouraged. When we get back, I'll make another one for you.

· Tap to continue ·

It's cold. Thank you for sharing half of your camel cloak with me.

· Tap to continue ·

Why don't you tell me a tale in return?

・Tap to continue・

That isn't my forte.

· Tap to continue ·

The storytellers in Niava all start with "Once upon a time, there was a tower."

・Tap to continue・

Understood. Once upon a time, there was a tower. And inside this tower was a young woman who traveled all over the world. In fact, she visited many worlds.

・Tap to continue・

And then?

· Tap to continue ·

And then she was injured. A singer who owned a sixteen-string instrument saved her.
· Tap to continue ·

They spent their days and nights together and gradually developed feelings for each other.
· Tap to continue ·

Will she stay in that world for him?

· Tap to continue ·

Their story isn't finished yet, so I don't know.

· Tap to continue ·

But love truly does make some people stop in their tracks. It can also give others more courage to set out on another journey again.

· Tap to continue ·

We worked well together. You don't need to be sad anymore.

・Tap to continue・

Zayne, I have a new idea that involves the drawing on this clay tablet.

·Tap to continue·

Goal Achieved

Here's my reed pen. Are you going to draw me next to you?

・Tap to continue・

Goal Achieved

How did you know I was planning to do that?

・Tap to continue・

Goal Achieved

Since we're traveling as companions, there's no reason for you to be alone on the clay tablet.

・Tap to continue・

The protective charms at this stall look rather crude, and they seem different from the ones in Niava.

・Tap to continue・

Are you certain?
· Tap to continue ·

I brought one from the Divine Tower.
We can compare them.

You have a good eye.

However, whether the charms are real or not doesn't matter that much.

・Tap to continue・

Goal Achieved

Yes. As long as the blessing on it is genuine, that's more than enough.

· Tap to continue ·

Anyone who wants a protective charm must be seeking divine protection.

· Tap to continue ·

In that case, I'll bless it with you.

· Tap to continue ·

Why can't I row anymore? We're in the middle of the river.

· Tap to continue ·

It seems some legends are true. Every boat that passes through this area sinks to the bottom.

· Tap to continue ·

I don't believe it! With our abilities—

・Tap to continue・

The water has already risen past your ankles.

· Tap to continue ·

...Quick, scoop the water out.

・Tap to continue・

I'm afraid it's pointless. The boat is sinking too quickly.

· Tap to continue ·

13:06 %49

Zayne, we'll hold our breath... What?

·Tap to continue·

The water has only reached your waist. Stand still.

· Tap to continue ·

You've already tried using several different divination materials. What have you discovered?

Tap to continue

Considering how much you love sweets, your teeth are going to get worse.

・Tap to continue・

Then why don't I help you do some divination?

· Tap to continue ·

What do you see?

· Tap to continue ·

The result... Your divination is inaccurate. If you became a fortune teller, your prospects would be dim.
· Tap to continue ·

Hmph. I've told you this before, Zayne. Mouths are for eating, drinking, and...

· Tap to continue ·

How strange. What else can they do? I can't recall. Do you remember?

· Tap to continue ·

They can be used to say kind words.
· Tap to continue ·

Oh, so you do remember.

· Tap to continue ·

I also remember that my mouth can be used to kiss you.

・Tap to continue・

You've examined so many ores in this valley. What did you find?

· Tap to continue ·

It doesn't look like there's a single piece that can be used to repair my blade.

· Tap to continue ·

Perhaps your touch is too superficial.

· Tap to continue ·

I heard that if you touch something for a long time, you can determine whether or not it belongs to you...

・Tap to continue・

What is your hand doing?

· Tap to continue ·

Touching you.

・Tap to continue・

...

・Tap to continue・

You didn't finish that sentence.

· Tap to continue ·

The second half is...

・Tap to continue・

The longer the touch is, the easier it is to develop affection.

· Tap to continue ·

Spring water, ore, and the forge's roaring flames. Everything is ready.

・Tap to continue・

Zayne, let's start.

・Tap to continue・

You want to work with me?
· Tap to continue ·

Of course. If you're too busy to help me repair my sword in the future, I can do it myself.

· Tap to continue ·

All right, let's work together to restore it this time.

· Tap to continue ·

Goal Achieved

It didn't look difficult. And it actually wasn't hard.

· Tap to continue ·

Goal Achieved

It's sharp once more. Will you still be using it to shear wool next time?

・Tap to continue・

Goal Achieved

I'll use it to peel fruit. You can tell me in advance which one you'd like.

· Tap to continue ·

Goal Achieved

Thank you.

・Tap to continue・

Goal Achieved

If you need help with peeling fruit, you can call for Zayne in advance.

What's this? A new blindfold?
• Tap to continue •

It's a thank-you gift for helping me sharpen my sword. I'm thinking about what pattern to embroider on it.

· Tap to continue ·

Anything will do.
・Tap to continue・

Anything? Then I'll embroider your name.

・Tap to continue・

It's practical and convenient. If you lose it, people will know what name to call.

· Tap to continue ·

I won't lose it.

・Tap to continue・

And... you're the only one who addresses me by my name.
